

INDUSTRIAL WASHER EXTRACTOR

WE30

WE50

WE70

WE100

WE150

Features and Benefits

- Soft-mount suspension system with adjustable springs minimize vibration
- Heavy duty structural bearing design for long lasting operation
- Multi-layer shaft seal design with imported high quality Viton seals last for years under normal condition
- Single motor frequency inverter drive allows variable speed setting for wash and extract
- Easy access driving belts allow easy replacement due to normal wear and tear
- Stainless steel basket with sunken perforation give maximum protection to linen
- Automatic 5 cups plastic soap box for better chemical resistance
- Large loading door with large opening angle make the loading/unloading easier
- User friendly programmable computer controller
- Out of balance switch give protection to machine in case load is not balance
- Standard cold and hot water dual inlets plus steam inlet
- Sealed electrical cabinet with cooling system protect electrical parts and inverter from moisture and lint
- Stainless steel panels prevent corrosive in harsh laundry environment
- Lubrication grease pump for bearings and seals make periodic maintenance simple
