

CLEANROOM SHOE DRYER

HX-15D

HX-32D

HX-38D

Features and Benefits

- Designed to dry clean room shoes efficiently by direct airflow and extend life span of shoes without tumbling action
- Main parts in contact with air made of SS304 stainless steel
- Built-in HEPA Filter H13
- Standard electrical heating
- Computer controller up to 5 programs
- Quiet and efficient blowing fan
- Special design shoe racks fit most clean room shoes in market
- Easy access and minimal maintenance
- Safety door switch to stop machine when door is opened
- Long lasting stainless steel door and panels
- Available in steam or electric heated
